Our passion for enhancing community design and development is matched only by our dedication to improving the quality of life in our cities.

Join us in building better places to live, work, and thrive!

ABOUT THE ROLES

As a member of our planning team, you will be responsible for working with our private and government sector clients on a wide range of planning projects including due diligence investigations and research, scheme amendments (region and local), local structure planning, subdivision, development coordination, and project coordination and implementation. There is a great variety of project types and experiences at Dynamic Planning and every day looks different when working with us.

We encourage our planners to be involved in all projects and client liaisons so there are great opportunities to develop close relationships with clients and co-consultants across the range of development sectors.

We also promote the opportunity for our planners to enhance their presentation skills by attending and delivering presentations to a diverse range of audiences including government panels, Council's, Committees and clients.

Great team support is offered as well as providing a great level of autonomy for our planners.
